Cavenee Audiology: We have made the decision to temporarily close our office doors in order to protect the health and safety of our patients, staff, and community. Although we do feel like hearing health care is very essential, we are following national guidelines put in place by our organization. We will figure out a way to still return phone calls, place patients on a waiting list to be scheduled at a future date, and make necessary repairs on hearing instruments as we know we have some patients on the front line that need to be able to hear and others that depend on their hearing devices. Please do not hesitate to reach out via a voicemail at (620) 376-2080 or an email to rcaudiology@gmail.com should you need anything. Thanks for your understanding, stay safe, and use this time to enjoy daily beautiful moments that you may otherwise miss! Blessing and health to you all!

United Plains Ag:

As you are aware, the impact of the global pandemic caused by COVID-19 continues to rapidly evolve. Safety is a core value for CHS and includes a focus on the health and wellbeing of our employees, families, customers and owners, and the communities in which we live and work.

We understand that spring is here, and we want to emphasize; we're still operating to support our growers and customers. We are simply adjusting some protocols. CHS has implemented the following changes effective Wednesday, March 25, until further notice:

- **We are limiting access at all locations.** We respectfully ask you to contact us through phone or email whenever possible. Some of our locations have enacted split shift schedules; staff that can work remotely, have been asked to do so and will be available via phone or e-mail.
- If you need a grain check, please contact us. We can mail it or arrange for a convenient time for you to pick it up.
- All visitors, vendors and drivers to our office will be required to complete a questionnaire before entering our facilities. We are also asking all staff, visitors, vendors and drivers to adhere to the 6-foot distance recommended by the CDC to reduce virus spread.

- We have restricted face-to-face meetings. Our sales staff will conduct business via phone, text or email. As a company that prides itself on the relationships we have built, this will be a difficult change. However, face-to-face meetings pose a greater risk for everyone involved. If you need to conduct critical business that requires an in-person meeting, please call for an appointment to confirm access to the facility and availability of staff.
- We ask you to call ahead for product pickup whenever possible, our team will ensure that everything is ready to load upon your arrival.
- For those customers or vendors delivering grain or picking up products, we ask that you limit your time in the office to essential business. At some locations, we are asking drivers to remain in their cab. Please check our location policies or watch for information and direction upon arrival.

We will adjust our practices as necessary in the coming days, weeks or months. Please check our website at chsUnitedPlainsAg.com for the latest updates. Rest assured, it is our commitment that we will continue to provide excellent service and support throughout this unprecedented time, even if we must do it differently. We value your business, your trust in CHS and appreciate your understanding during this time. We look forward to resuming normal interactions as soon as circumstances allow.

Wheatland Electric is open regular hours. Members are encouraged to complete transactions online at www.weci.net, by mail, or by phone at (844) 262-2417.

The **CYAT Center**, the **Greeley County Library**, the **Melven O. Kuder Senior Center**, and the **Star Theater of Tribune** are closed until further notice. **Bingo** will not be held at the VFW.

This list will be updated as new information becomes available.

To add your business's information, please email greeleyc@fairpoint.net or call the Community Development office at (620) 376-2548.
